

# Joseph State Airport Master Plan - Project Schedule

The Joseph State Airport Master Plan schedule is expected to occur over the course of 18-24 months. Phase 1 - Develop Understanding will take approximately 4-6 months excluding the AGIS element, Phase 2 - Explore Solutions will take approximately 4-6 months, and Phase 3 - Implementation will take approximately 3-4 months, with the exception of the ALP, which will run concurrently with a period of Phase 2. It may take an additional 3-6 months to receive FAA approvals upon receipt of the final draft narrative report and Airport Layout Plan drawings.
